## TOWN TOPICS

Mr. Daly holds a meeting at Oak Lake on Saturday.

The St. George's Snow Shoe Club hold their annual ball in the Koller Rink this (Thursday) evening.

Col. McKeand, one of Winnipeg's prominent business men died suddenly this week of bleeding of the lungs.

J. I. Murray, engineer on the C.P.R., had one of his hands badly frozen at Broadway the other day, while out working with his engine.

The communications on Tuesday were recorded very quietly before returning officer Rogers.

In the afternoon, however, fun was general in the Koller Rink.

Mr. Cliffe will address a mass meeting of electors in Mr. Daly's interest, at the Union Schoolhouse, Monday, at one o'clock to-morrow Friday.

W. J. Reid, late master mechanic on the western division of the C.P.R., has taken the supervision of the work on the St. Paul road, under Mr. Egan.

Owing to the hall being engaged last Tuesday evening the Salvation Army held their services in the Methodist Church. They have now over thirty-five converts.

Lieutenant Inspector Hanbury and Policeman Foster went to Gravelton on Friday in a search after whisky, and they came home very dry. They could not get a drink for one in the whole place.

On account of our sending out a large number of extra copies of the MAIL this week, we repeat some of the notices of our last issue. They will not, however, bear the second reading.

The lecture "Grip and Grip" by the Rev. J. B. Shook, in the Baptist Church, last Monday evening, concluded very successfully. The lecturer was very witty, and kept his audience in continual laughter. The proceeds were in aid of the Sabbath school.

At the Grand Lodge of the Brandon fraternity at Winnipeg last week, the following local men got grand officers: F. W. Peters, I.D.G.M.; Jan. Goldwell, one of the grand stewards; J. A. Ovas, Philo Creek, grand senior warden; M. S. McAdams, Carberry, grand director of ceremonies.

The Norquay organ in this city is noted for the French proclamations for Selkirk, which any one would have known from the style of the work, and for the words "The polling shall take place," it has used a translation "The hair of the animal shall take place." It is a rare institution, any way, to be called a printing office.

From the result of the public meeting in the Koller Rink Tuesday, it is evident, the Grits have come to the conclusion they made a serious mistake in ever making the coldwood charge against Mr. Daly, for as one of their leading men told a MAIL reporter the next day, there never was anything but suspicion to make the charge on, and, of course, it is an easy matter to measure Grit suspicion, when the advancement of a political opponent is at stake. Mr. Peterson has according to report been rewarded by the party for drawing upon himself the handling he received later on from Mr. Daly. The only inference that can be drawn from the applause received by Mr. Daly as he coolly pushed it into Mr. Peterson's face after such a charge, is that any man formerly had devoted to Mr. Daly's freedom from complicity, had their doubts dispelled as the meeting progressed. The meeting certainly made votes for Mr. Daly, and put the coldwood scandal to rest for ever.

This is the last issue of the MAIL before the elections are over, and a closing advice to our readers, we have to urge that they be untiring in their efforts until the last vote is polled on Tuesday next. Don't rest with the belief that Boulton and Daly are going in any way, for you may not know how many more may be of the same mind as yourselves, and the constituency may be lost through indifference. It is but a few days work and any one who wishes the country well, should spend a few days time in an effort to sustain the only governmental friends the country ever had.

## THE CONCERT.

We regret we have not space to do justice to the entertainment in the interests of St. Matthew's Church, on Tuesday last, in the Roller Rink, but the general declaration is that it was one of the best ever held in the place. The annexed programme was carried out in all its details. The singing was excellent, and the tableaux were faultless.

MORE EXPLANATIONS.

To the Editor, Brandon Mail.

I am sorry that Mr. Christie, who to-day claims to be a Liberal Reformer, has adopted such scandalous low-bred tactics, as Mr. Daly positively showed and proved his connection with a Kilmarnock in Southern Manitoba. This was upon Mr. Christie's authority and appropriation, and forever may it rebound to Mr. Daly's credit, that although possessed of a damaging resume against Christie, corrected by sworn declarations, yet he would allow the papers to publish it. No later than yesterday did I read a sworn declaration in regard to Christie's connection with the side walk contract with the city. I have often heard people accuse Christie of being mean and deceitful, and willing to resort to any low means to carry a point in his favor. I am fully convinced that all this slanderous literature published by the Sun has been written by Editor Peterson and authorized by Christie. What such tactics are a terrible insult to Christie on the one hand, and if one here will help in casting that dirt, Mr. Daly shall have mine. Let us for one moment draw a contrast between these two candidates, take their powers of oratory and their public experience, Christie appears to be a perfect potentate while Daly knows whereof he speaks, and is conversant with the facts and figures of the doings of the McKenzie Government, as well as the MacDonald Administration. He could make any statement he chose and Mr. Christie not know whether it was right or wrong. As far as honesty is concerned, having read the sworn declaration, I refer to above, I believe Daly is not so sure of the fact here will help in casting that dirt, Mr. Daly shall have mine. ELECTORS OF SELKIRK.

Under the leading of the Brandon Sun, the electors of Selkirk are to be placed before a candidate for the seat of Selkirk. This was evidently done by the editor of the Sun in a moment of impulse, though he would give you a contrary impression by signing himself "One of Yourselves." It is the first time we have seen an article in that scandalous sheet written in a moderate tone. However he intimates the case to you when he says the present administration appeals to you "on one point, and to your sympathies, prejudices or passions for another lease of office. This country is not to be ruled by the present administration, and on its administration of the affairs of Canada during the past year, it has nothing to conceal; it is open to the scrutiny of the electors, and it will be found correct and satisfactory. It desires you to compare the administration of the affairs of Canada during the past eight years with the period from 1873 to 1887, when Mr. Blake and Mr. Macdonald were at the head of affairs, and that you should be guided by that comparison. "Your country," says "no matter what appears may be harbored against the opposition. Your sacred duty is to look for the honest and able men to manage the country. And where will you look for them? Surely they are not to be found in the ranks of the present administration. Surely the men who in 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901,
